Experience

Covid Watch

The Internet

SOFTWARE ENGINEER (VOULENTEER)

March 2020 - September 2020

- Covid Watch is a non-profit who builds a privacy-focused exposure notification system. Through a mobile app, the system alerts users to possible COVID-19 exposures. The system is currently used by universities in the state of Arizona, with more locations coming soon.
- Collaborated with teammates across the world in a startup-like environment.
- Helped develop the organization's website and a React web app used by health authorities to verify diagnoses. The work was open source and the web app can be found at <https://github.com/covidwatchorg/portal>.
- Wrote CI/CD pipelines and managed AWS distributions.

Vassar College

Poughkeepsie, NY

COMPUTER SCIENCE LAB COACH

August 2017 - May 2020

- Assisted in laboratory sessions for classes *Operating Systems*, *Data Structures and Algorithms* (Intro to Java), and *Problem Solving and Abstraction* (Intro to CS in Scheme).
- Held personal office hours 9 hours per week for students who required help.
- Gave students real-time feedback on their code and explained larger concepts such as operating systems theory, object-oriented programming, and data structures.

Facebook

Menlo Park, CA

PRODUCTION ENGINEER INTERN

June 2019 - August 2019

- Worked on the Real-Time Infrastructure team.
- Projects included a debugging feature and implementing A/B tests to assess the quality of a migration. Primarily worked in C++ and Python.
- Learned the challenges of building and maintaining services at a large scale.

IBM

Poughkeepsie, NY

DEVOPS DEVELOPER INTERN

June 2018 - August 2018

- Worked in the IBM Z Innovation Lab.
- Learned modern DevOps and cloud computing tools such as Docker, Kubernetes, and OpenShift.
- Presented final projects to executives at intern finale event.

Vassar College

Poughkeepsie, NY

RESEARCH ASSISTANT

November 2016 - November 2017

- Worked with professor Pavel Naumov to improve and generalize an existing model of Diffusion in Social Networks. Proved our model's consistency and completeness.
- Published paper "Group Conformity" to the Journal of Logic, Language and Information.

Education
